

TUTORIAL EVALUATION SCHEME & RUBRICS

For courses having a Tutorial component, the evaluation shall be conducted through 10 tutorial sessions, collectively contributing 20% of the total course evaluation. Each tutorial session shall be evaluated for 02 marks, distributed as follows:

1. Attendance & Participation: 0.5 mark
2. Problem Solving / Task Completion: 1.0 mark
3. Conceptual Understanding / Explanation: 0.5 mark

Thus, 10 tutorial evaluations $\times$ 2 marks = 20 marks, equivalent to 20% weightage of the total assessment.

Component	Marks	Descriptors & Performance Indicators	Marks
Attendance & Participation	0.5	Present and actively participates in the tutorial session	0.5
		Present but limited participation	0.25
		Absent	0.0
Problem Solving Exercises / Task Completion	1.0	Correct and complete solutions with clear methodology	1.0
		Partially correct solutions or minor errors	0.5
		Unable to solve or incorrect approach	0.0
Understanding / Explanation	0.5	Demonstrates clear understanding and explains concepts confidently	0.5
		Partial understanding; explains with prompts	0.25
		Negligible understanding; unable to explain	0.0

Note: The best 10 tutorial performances will be considered, irrespective of the total number of tutorials conducted.
